

Consultation Services

Green Care
Landscaping, Inc.

Thank you for your inquiry! Green Care offers superior service competitively priced. We will complete your project professionally so you will be able to enjoy your outdoor living space for many years to come. Bob Da Rocha and Joe Amaral have over fifty combined years of experience in

plant selection, landscape design and hardscape installation experience. With a large team, Green Care's staff is knowledgeable and professional. You can feel confident that Green Care Landscaping will provide you with excellent service, materials, and installation for your project

Consultation:

There is a one-time fee of \$100 for the the design service which is deducted from your estimate upon acceptance and payment of the deposit. The designer will meet you at your site, discuss your vision for your project, provide expert advise and followup with a detailed proposal. Upon acceptance of the proposal we request a 50% deposit so we can schedule and order materials.

Planting:

We warranty all our plantings for a period of one year. The customer is responsible for watering throughout the season. It is strongly recommended that you call us as soon as a problem should arise in regard to your plant's condition. You will also receive a plant care sheet upon completion of your installation.

Hardscaping:

We suggest that the property around a new house settle for one year before installing walkways, patios and walls.

Unilock has a lifetime warranty on their products and we provide a two-year labor warranty. You will receive a maintenance guide upon completion.

Seeding:

For best results, we will only do seeding in the fall. In the spring, the new lawn is competing with crabgrass and broadleaf weeds that emerge in the spring and continue throughout the summer. Also, heavy rain and flooding in the spring will sometimes give sparse results. The customer has to provide adequate watering and fertilization for proper results, which is why we would only do seeding in the spring if you have an irrigation system. Although we warranty our work, the homeowner is responsible for the upkeep of the lawn. You will receive a lawn care sheet afterwards. If interested we also would be able to provide lawn care treatments for the following season.
